Press Conference on April 3rd at 11:30 a.m. in the Statehouse Rotunda:

No More Property Tax. ...Really.

There have been a lot of Indiana tax reform proposals over the years. Some would have improved our lot if given the chance. But until now, these proposals have required spending cuts or other pipe dreams of fiscal responsibility that we all know can't happen in today's politics. And until now, the plans would have taken years to implement.

On Tuesday, April 3rd at 11:30am EST, Andrew Horning and many other volunteers for Americans For Fair Taxation will propose a plan to not only end property tax, but also:

- End the school and infrastructure funding disparities between rich and poor areas
- End the demographic problem of Baby Boomer retirement and Medicare/Medicaid/Social Security
- Stop driving business overseas from Indiana, and
- For the first time, stop taxing the poor

And we can actually do it.
